Hi s 47

Thanks for this.

Do we have any information on the parcel origin themselves? Is it clear that the parcels came from Ms Hanson's office, or is somebody impersonating her and sending these? Very important difference between the two.

Are they also addressed to each unit occupant, or just the unit itself?

Thanks

Hi team

An FYI on something that has unfolded this afternoon.

I received a call this afternoon from office of Lord Mayor at City of Melbourne (who I used to work with) to bring us in the loop on something. City of Melbourne out at a Nth Melb tower yesterday received from us 1 some mail - as part of that mail was 114 parcels all looking and feeling the same, sender: Pauline Hanson.

City of Melbourne/DHHS have decided to open one of the parcels, to determine whether it is essential and needs to go up.

Turns out it is a stubby holder. Pic attached.

DHHS/City of Melbourne - deciding that things are tense in the towers precinct already and with a culturally diverse population - decide to hold the items and not deliver them.

We get told as a courtesy this afternoon.

s 47 E(c) has been on a call this afternoon with Justin Henney from City of Melbourne. Justin mentioned during that call that LM Sally Capp may call CH tonight as a courtesy.

s 47 E(c) - you may wish to give Christine heads up and background as you deem fit.

Feels like Pauline is trying to create a stir.
